CATAMARAN

Enjoy a day trip with the newlyweds to Isla Mujeres. As one of Mexico's national treasures, it is truly paradise on earth. Sit back, feel the breeze and get ready for a day of sailing, snorkeling and breathtaking views. Upon arrival at the island you can choose to hang out on board or go ashore to explore all that

the island has to offer. Feel free to bring food along or try out one of the many island restaurants. Explore the island on golf carts, shop for souvenirs, try zip lining, taste test tequilas, take a jungle tour, relax at a beach bar, or choose from the many other activities on the island. With ferries leaving to and from the island regularly you can break from the group and choose to head back to the resort when you are ready. Be sure to bring comfortable clothes, towel, bathing suit and sunblock.

PLEASE NOTE: There is a \$12/person (all ages) dock fee for anyone joining us on the catamaran. Please bring cash.
